You could start by reaching out to local organisations or suggesting volunteer opportunities in your area. Remember, then not all options will suit your area, schedule or personal interests. So, don't get discouraged if you are not successful right away.

Community service is something that many people do as a form of volunteer work, but it can be more than just volunteering. When you contribute to your community, you stand out in the crowd and show that you care about others.

Community service is a form of voluntarism. The important point here is that the community service is done within a defined community. This community can take many forms. Some examples could include: your classroom, your school, the town where your students live their city etc... there does not have to be an international theme to learning; here the emphasis is placed on the service to be performed.

"Without the community service. We would not have a strong quality of life is important to the person who serves as well as recipient. It's the way in which we ourselves grow and develop."

What is the purpose of the Community service?

Engaging in Community service provides students with the opportunity to become active members of their community and has a lasting, positive impact on society at large. Community service or volunteerism enables students to acquire life skills and knowledge, as well as provide a service to those who need it most.

Importance of Community service

- Personal Identity
- Spiritual growth.
- Moral development
- Interpersonal development
- Develops ability to work with others
- Enhancement of leadership and communication skills.

Objectives of community service

- To expose students to people who are at a disadvantage (Socially, Medically, Economically etc)
- To help the students to realize that they can make a difference and give them tools to do so.
- To develop awareness and better understanding of communities they live in.
- To attain skills in community participation.
- To make access to quality education and skill up
- To motivate the students to learn and serve the society.

OLD AGE HOME

Introduction :

An old age home houses elderly people who either have no family or have been abandoned by their families.

The home usually has a care-taker who monitors the residents of the home and a few helpers to take care of residents. A visit to an old-age home is a life-changing experience as it is filled with emotions and sentiments. I had an opportunity to visit an old age home.

9

An old age home is the place for those old people who do not have a home to live. This place is like a home for them where they get everything for routine living like food, clothes, shelter and medical treatment. It is a shelter home where older people live in a community with other people when they have been abandoned by their families. Even though it is a good home for old age people but it still cannot take the place live happily with their families and spend quality time with them.

Most people live abroad and their ageing parents are left alone and they have no one to take care of them. They are also an easy target for criminals. In this case, old age home gives protection and security to them because of constant screening of everyone who visits there. It also gives an opportunity to those parents to live together as a community with other people. At old age home, there are people of same age group so it is easy for everyone to take responsibility for taking care of these old people. The staff is in charge of feeding them on time and taking care of their every need.

(10)

Though take good care of these people, old home might be a blessing for some people but it is idenitely a cure for majority of the people. For ex; an old man who was the head and back bone, of the family once is now forced to the family once is now faced to live in a house with other strangers.

A woman who used to cook meals for her family once cannot cook food for her family now as she has to live in a house with other people like her who are also thrown out from their homes. It is sad, that now this young generation is abandoning parents and grandparents. Even though old age home is a place where the staff takes good care of abandoned people but still it cannot over this place, attention and love from their own family old age homes are the last hope of these poor old people so they must be equipped with better facilities so that these people can live a better life.

Since majority of elderly people those days have no one to take care. Of them, number of old age homes, and retirement homes have increased a cross Karnataka, there are both free and paid old age homes, offering basic to luxurious facilities in this state.

One of the well-known old-age-home of Karnataka is the Navachaitanya old age home / Amma Seva Saroshti ILKAL. It offers loving care to the elderly in a hygienic and comfortable environment. The old-age-home in Belugum aims to provide the residents with clean, home-like atmosphere along with modern amenities like rooms with bed and lockers, sumptuous food and regular medical checkup. The is old age home. Mysore offers free lodging, boarding and medical care to 25 inmates. Modern facilities sprawling grounds and age appropriate activities have elevated the stigma commonly attached with old age home. Now, more retired persons are choosing good old-age homes across Karnataka to spend their evening of life.

Chapter - 03

History of old age home

Serving human values like food for the hungry, shelter for the orphans, protection for the elderly, medical treatment for the sick, pregnant woman, and education for the disabled orphans is the goal and progress of our services organization. This is the devotional feeling of washing god's person we are blessed to have been appreciated by profile for twenty five years in such meaning full service. As the great philosopher said, kadu ye dukha taptanam praniman arthi nashanam is the proof of this.

Orphanages and old age home are a credit to our culture, but it is unfortunate that they are inevitable now, even if these are children, even if they are relatives, they are joining the old age, all this can be attributed to our current family breakdown. It is a shame that it is known from the statistics that educated people are more responsible in this matter, what is the use of being educated people are more responsible in this matter, what is the use of being educated if they do not respect their parents and elders and protect them in their old age home?

(15)

Our service organization has been busy for twenty-five years in serving orphans, disabled, elderly no matter how stressful the situation. Social and service camps conducted. Also, on the occasion of the silver jubilee, twenty five camps in various fields have been successfully conducted and the sanctity of service has been established. Our culture, heritage, folk art, literature - music - dance etc. have been worked hard to increase the interest and quality of students in fine arts.

Ilkalla devanga sangha has given its sangha building to carry out its daily service for about 15/16 years since its inception. Ilkalla nagar sadha has given wide plots for the construction of this magnificent building and guided it to be built beautifully.

Since the daily service works had to be done continuously, with the intention of ensuring that the financial conditions were always strong, the jagadguru of sri. kaka jangmawadi math, Shri thosawira math de. Shri de Chandrashekhar Shivacharya mahaswamy, born Shri thosawira math jagadguru Shri Shri Shri de. Gracious donations by gangadhara rajayogindra mahaswami and jagadguru Shri Shri bawati threetha mahaswami of Sringeri Shrawade peetha.
